

Merry Christmas and a Happy New Year!

We look forward to further collaborating with you in 2016. Enjoy the holidays!

In 2015 our main projects were

Transition pathways and risk analysis for climate policies (EU H2020)

Innovation for climate change mitigation (EU H2020)

Enhancing competitiveness of sustainable bio-energy in Europe (EU IEE)

Platform for knowledge on climate policy implications (EU FP7)

Connecting SMEs for a green economy (EU FP7)

Energy saving policies and energy efficiency obligation schemes (EU IEE)

The Climate Knowledge Brokers Manifesto (CKB Group)

Platform for low emission and low vulnerability technologies

Guidance on Technology Action Plans (TEC)

...and the JIQ Magazine on climate and sustainability. Subscribe at www.jin.ngo/jiq-subscribe to receive the quarterly magazine by email.
